13. The nodal officer can also update the cadre-wise minimum residency period for transfer eligibility [default is 3 years (5 years for protected categories), however in some enforcement departments different residency periods are followed for different cadres] using the 'transfer control' menu option.
14. Nodal officer can also specify, if compulsory transfers are to be done after the prescribed residency period.

**User manual for APPLICANTS**

## INTRODUCTION

In accordance with the orders issued vide G.O (P) No.3/2017/P&ARD dated 25/02/2017, G.O(MS)No.18/2017/2017/P&ARD dated 29/08/2017 and G.O (MS) No.10/2018/P&ARD dated 05/04/2018, Finance Department, through National Informatics Centre (Kerala), has developed and added online general transfer processing modules to SPARK. This user manual is prepared as a reference document to the transfer applicants and transfer application processing officials. This manual contains following two parts.

PART A: FOR PROCESSING OFFICIALS

PART B: FOR APPLICANTS

The **Online General Transfer Application Processing** module in SPARK would be enabled for departments that have completed the initial on-boarding process in consultation with SPARK PMU and NIC, Kerala. Following are the step by step instructions for the officers involved in general transfer processing in departments to complete the on-boarding process and further processing successfully.

### **ON-BOARDING PROCESS**

1. A nodal officer may be nominated from the department to interact with NIC / SPARK PMU and provide authenticated details as and when required. PEN of the nodal officer to be updated in SPARK through PMU.
2. A state level officer (in the gazetted category) to be identified by Head of Department who will be responsible for processing of transfer and generating reports. The PEN of the officer to be marked in SPARK by the nodal officer.
3. The data in SPARK w.r.to the employees profile and their service particulars to be updated, verified and locked before it can be put to use for general transfer. The applications cannot be forwarded from the office, if the data is not verified and locked.
4. All leaves including LWAs, deputations, disciplinary actions, employees on Postgraduate study (service quota) etc to be updated, verified and locked.
5. The inter-transferable designation of the department may be grouped as a cadre/post (Eg: There may be designations 'driver grade -I' and 'driver grade -II', but they are inter-transferable and hence the cadre/post name is 'Driver'). The cadre list to be updated in SPARK through SPARK PMU.
6. The cadre name to be mapped for each designation through SPARK PMU.
7. Designations under each cadre that belong to district level recruitment (DRB) if any to be updated by the nodal officer.
8. The sanctioned strength of all posts to be updated in SPARK by each establishment.
9. The hard areas/difficult areas to be updated in SPARK by the nodal officer.
10. Offices that fall within 15 KMs to be updated by the nodal officer for each office which will form a station.
11. State level office and district/zone level offices for the purpose of handling transfer applications to be updated in SPARK through PMU.
12. The 'as on date' for transfer eligibility, start date and end date for submitting online applications, same for forwarding from the office, same for forwarding from district level office and same for accepting at state level office need to be updated in SPARK by nodal officer using the 'transfer control' menu option.
13. The nodal officer can also update the cadre-wise minimum residency period for transfer eligibility [default is 3 years (5 years for protected categories), however in some enforcement departments different residency periods are followed for different cadres] using the 'transfer control' menu option.
14. Nodal officer can also specify, if compulsory transfers are to be done after the prescribed residency period.
15. Some departments have 'addition to cadre posts' in other departments. Such details need to be updated by the nodal officer using appropriate menu option available. However, the sanctioned strength in such cases will be included in the respective establishments only.
