2012

## Preface

The department of Economics and Statistics is the apex and nodal agency for the collection, compilation and dissemination of Statistical data on various sectors of Kerala Economy. There is a growing demand for Statistical data regarding the market arrivals from various users such as Research Scholars, Planners etc. This Publication entitled "Report on Market arrivals for the year 2010" contains details of market arrivals from villagers and also from wholesale markets centres.

The Co-operation extended by individuals, Government departments, Trade and Commerce Establishments etc to make available the required data, and the work done by the headquarter officers and field level staffs of this department are gratefully acknowledged.

This report is the outcome of sustained efforts made by Miss.K. Reji, Statistical Assistant Grade II, Smt.Vimala.P, Selection Grade Typist, Sri.M.A.Nandasoonu, Computer Supervisor, Sri.V.K.Chandran, Research Assistant under the supervision of Sri.K.Vasanthakrishnan Nair, Regional Statistical Officer under the guidance of Sri.T.Gorkey Jose, Additional Director (Prices)

Suggestion for improvements of this Publication are most welcome.

## **Report on Market Arrivals for the year 2010.**

The Collection of Prices is one of the major items of work under taken by the Department of Economics and Statistics. The importance and utility of the information pertaining to the Price movements affect all sectors of the economy. Both the scope and coverage of this Price Collection have undergone many changes and it is the responsibility of the department to produce qualitative data on prices.

A Scheme for the improvement of market intelligence was implemented in the second five year plan and continued for obtaining necessary market intelligence from all over the state. These data are rapidly processed, analysed and presented in a appropriate manner as to enable Government to keep a watch over the changing price situation and to assist the producers in securing fair Prices. These data are also used for planning purposes and taking policy decision.

The market arrivals include arrivals from villagers and also from other markets. Market arrivals from villages include the quantities brought by the farmers as well as the quantities brought by Village merchants or commission agents etc. The arrivals from other markets include the quantities arrived in a wholesale market from any other wholesale market. From the market arrivals, outgoing quantities are the quantities which go outside the wholesale market either for sale in the retail market for local sale or for despatch to outside market.

The present report contains market arrivals in different centres of the state for the year 2010.
