Introduction

Modern education in the former Travancore state began with the Proclamation of 1844 by the Maharaja of Travancore. In the former Cochin state, the Government came in to the field of education in 1844 with the Proclamation, by which there established 33 Vernacular schools. In Malabar area, the Local Boards Act of 1834 helped the establishment of schools. Later the Elementary Education Act enabled the establishment of several elementary schools and grant-in-aid was paid to Private schools by the District Educational Councils. The disbursement of grant-in-aid to Private schools was done by the District Educational officers from 1939 onwards.

The private Secondary School Scheme was introduced in Travancore-Cochin from 1st December 1951 onwards. Payment to the teachers in Private schools was made directly from the treasury from that date. Payment to non-teaching staff in Private schools was made by management till 30th June 1959.

The Kerala Education Act and Kerala Education Rules came into force with effect from 1st June 1959. The post of Director of Public Instruction was included in the cadre of IAS from the academic year 1960-'61. The Examination section, which was functioned as apart of Director of Public Instruction, was separated and Commissionerate of Government examinations, known as Pareeksha Bhavan, was started from 1st October 1964 under the Directorate of Public Instruction.

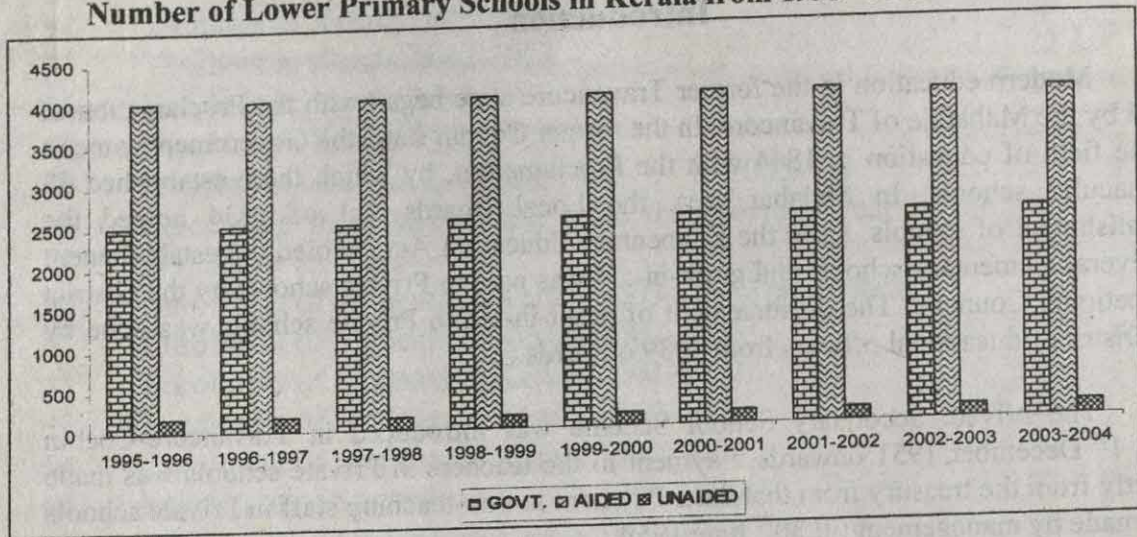

The literacy rate of Kerala according to the 2001 census is 90.92%. The highest literacy rate is in Kottayam district and the lowest is in Kasargod district. Malappuram district is the highly populated district; there the population is 11.40% of the total population of Kerala. Also Malappuram district is leading in the case of the number of schools, teachers and students, they are respectively 11.19%, 14.22% and 15.56%. The least populated district in Kerala is Wayanad (2.47%), the literacy rate in there is 88.52%, the percentage of schools, teachers and students in there are respectively 2.36%, 2.45% and 2.61%.

Schools in Kerala

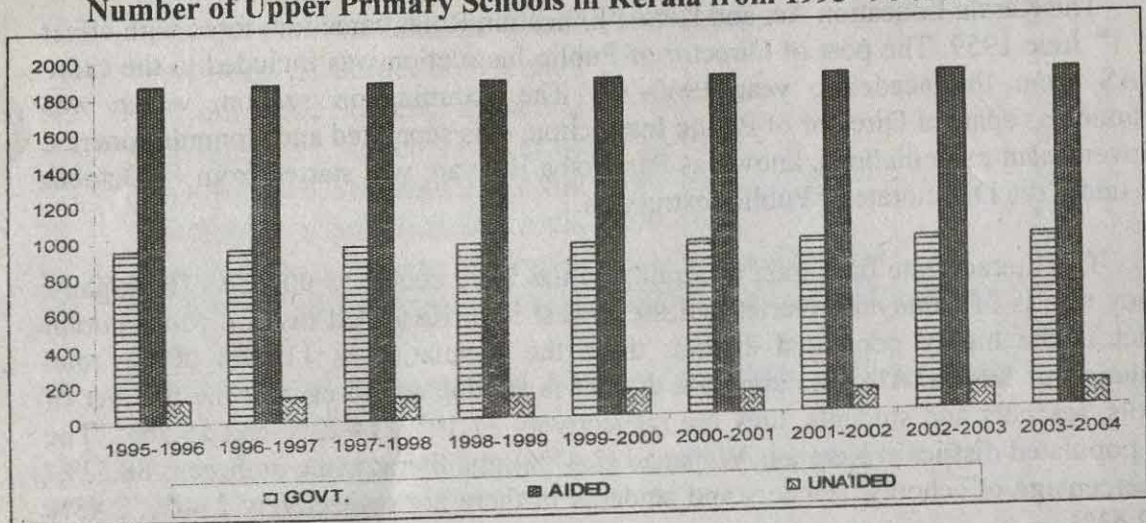

Now there are 12322 schools in the state. In 2003-'04 there was an increase of 0.42% in the total number of schools, an increase of 0.13% in Government sector and an increase of 0.07% in Aided sector and the increase in Unaided sector is 8.05%. In 2003-'04 the increase in percentage of Lower Primary Schools, Upper Primary Schools and High Schools are respectively 0.06%, 0.44% and 1.30%.

On a close examination over a number of years, we can see both increase and decrease in the percentage of the number of schools. The same trend is seen in the case of High Schools, Upper Primary Schools and Lower Primary Schools in all categories. Even though there is a continuous increase in the number of students in unaided sector, the number of unaided schools (recognised by the State Government) is increasing and decreasing.
