GOVERNMENT OF KERALA

PRICE STATISTICS 2014

**Directorate of Economics & Statistics
Thiruvananthapuram**

PREFACE

Price for a commodity is essentially its power to command money in exchange for itself. The prices of goods that come across in the market are of different types but the principle based on price theory is that all prices are related to each other. Different segments of the society are affected by the changes in the prices and services. Hence it is necessary to collect different sets of price data to understand inter- temporal price movements in respect of different segments of the population.

In Kerala, Department of Economics & Statistics is the nodal agency for the collection, compilation and dissemination of price statistics. The department collects various prices viz. Farm Wholesale Price, Farm Retail Price, Market Wholesale Price of various commodities, Retail Price of essential commodities, Price of Dietary articles, Retail price of Ayurvedic raw materials, Retail price of 18 Forest Produces, Prices of Coir and husk, Coconut Shell, Cocoa, Waste paper, Salt, etc. The price division is entrusted with the job of generating Parity Index, Wage Index, Consumer Price Index and Wholesale Price Index.

I take this opportunity to appreciate the remarkable work carried out by the officers of the Price Division for their sincere efforts.

Thiruvananthapuram

**V.Ramachandran
Director General**

PRICE STATISTICS 2014

Sl. No.	Item	Page No.
<i>I</i>	<i>FARM WHOLESALE PRICE</i>
