PATHANAMTHITTA DISTRICT PANCHAYATS

ABOUT THE BOOK

With the objective of providing a reference book of statistics of Pathanamthitta District, this book has been prepared by the District Office, Economics and Statistics, Pathanamthitta. District level and Panchayat level data are being published by the Department to cater to the needs of District Administrators, Researchers, Planners, Local Self Government Representative's etc.

Statistics pertaining to various socio-economic parameters is vast and this attempt could explore only the tip of the iceberg. However, earnest effort has been made to include Demographic particulars, Agricultural Statistics and various developmental as well as macro economic indicators. Utmost care has been taken to include latest statistics from various departments in the district.

The unanimous efforts put in by the entire staff of this office helped in completing the task in time. I express my sincere gratitude to the staff of this office especially to Sri.N.P.Nikhil, U.D. Compiler of this office who was entrusted with the collection, compilation and tabulation of the data. Sri.P.L.Sebastian, Additional District Officer (SR), Sri.K.S.Jacob Babu, Research Officer have contributed substantially in bringing out the publication in time.

I express my sincere gratitude to Sri.M.R.Balakrishnan, Director of Economics and Statistics, whose unstinting support helped us accomplish the assignment; to Smt.C.S.Lathakumari, former Deputy Director of this office, who has initiated the work in the District and to the heads of various Departments in this District for providing the data in time.

INTRODUCTION

Cradled amidst stunningly beautiful heavily forested, blue hued hills of the Western Ghats lies the district of 'Pathanamthitta'. Situated in the mid-south eastern part of Kerala, Pathanamthitta is endowed with superb tropical forests, picturesque hills and valleys and crystal clear rivers.

Pathanamthitta is believed to have got its name from the ten tribes that lived here. Another version says it got its name from being situated at the juncture (thitta) between Achenkovil River and Peruthenaruvi.

On 1st November 1982, the District of Pathanamthitta came into existence comprising parts of erstwhile Kollam, Alappuzha and Idukki districts. It was officially declared as the 13th District of Kerala on 30th June 1983. Pathanamthitta is the union of parts of the Kunnathoor taluk of Kollam district, whole of Thiruvalla taluk and parts of Mavelikara from Alappuzha district.

Historically Pathanamthitta is a land of rich heritage, culture, natural beauty and art, comprising mainly of the tiny kingdoms of Pandalam, Chenneerkara, Kayamkulam, Thekkumkkoor, Edappally, and Arukalickal. Princes hailing from the Pandya dynasty with the assistance of the Venad rulers laid siege to the princely state of Pandalam the territory of which extended upto Konni and Ranni in the east. The areas of Chenneerkara and Kodumon were under the Chenneerkara kings while the areas of Mallappally and Kalloppara belonged to the Edappally rulers. Areas around Kunnamthanam belonged to Thekkumkkoor kings and Pallickal area was under the patronage of the Kayamkulam rulers. All these princely states became part of Pathanamthitta.

To its south lies Kollam district while to its west the district of Alappuzha. Tamilnadu lies in the east and the districts of Kottayam and Idukki share the northern boundaries of Pathanamthitta.

Rugged and mountainous, the regions' lush forests, are interspersed with acres of undulating hills and valleys of intensive cultivation comprising of rubber, cashew, coconut, arecanut, banana, ginger, pepper and vegetables of different varieties.

Pathanamthitta is a land of rivers. The main rivers of Kerala like Pamba, Achenkovil, Manimala, and Pallickal cut across Pathanamthitta with their innumerable tributaries, but these rivers are small and being entirely monsoon fed, practically turn into rivulets in summer. There are numerous ponds and more than 500 streams, which stretch irregularly along the land. Pathanamthitta the land of fresh water unfortunately has to depend on neighboring coastal districts for their supply of seafish.

The district is under the administration of the two revenue divisions of Adoor and Thiruvalla and five taluks namely Kozhencherry, Adoor, Thiruvalla, Mallappally and Ranni. The taluks are further divided into 68 villages.

The district of Pathanamthitta was initially electrified after the completion of the Pallam-Thiruvalla line in 1939. The first hydroelectric power plant in the district was commissioned in 1966 at Sabarigiri in Seethathodu Panchayat. This plant is the second largest producer of electricity in the state. The hydroelectric power station Carborandum in this district is the result of a new policy of liberalization for private entrepreneurs.

Agriculture is the mainstay of the district economy as Pathanamthitta is a land blessed by God's own hand. Abundant in its luxurious supply of fertile soil, fresh water and moderate climate more than 70% of its people are engaged in agricultural pursuits. However the recent economic losses in the agricultural field have forced the people to divert their pursuits to other fields.

Pathanamthitta has now developed into a modern industrial district built upon the solid foundation of an efficient and productive agricultural system and a large reservoir of human resources. There are a number of small-scale industrial units in the organized sector besides numerous cottage and village industrial units.

Pathanamthitta also happens to be the healthiest district in Kerala being the first district to eradicate Polio.

Pathanamthitta is known world wide for its exotic temples, pristine churches and mosques. The grandeur of the woodwork and stone carving of the temples are awe-inspiring. "Sabarimala" the Golden temple dedicated to Lord Ayappa is situated at an altitude of 914m above sealevel in the middle of the deep dark jungles of Ranni. People of all castes and creeds are permitted into the temple. However entry is not allowed to women between ten and fifty years of age.

The oldest Christian church in India believed to be built by the Apostle St.Thomas in AD 52 is situated at Niranam. Maramon Convention on the bank of river Pamba is a mammoth religious convention of Christians from all over the world. Cherukolpuzha convention is an equally great convention held on the other side of river Pamba by the Hindus.Muslims too celebrates the Chandanakkudam festival of Kattoor mosque in Cherukole Panchayat. All these festivals are held in the month of February showing the religious solidarity of this region.

The tranquility of Aranmula on the bank of river Pamba can be a haven for one with an artistic bend of mind. This heavenly place is a one-stop centre for genuine craftwork, traditional and classical art forms, classical music, fine murals and the famous Aranmula metal mirrors.

The 2001 census shows that the Decadal population rate of growth is the lowest in Pathanamthitta at 3.72%. The sex ratio is the highest, for every 1000 males there is 1094 females. It holds the second place in literacy in the state. Literacy among adults is 84.84% while the literacy of women is 93.43%.

In brief Pathanamthitta can be considered as the 'emerald' of the state. An alluring stretch of undulating hills and valleys, dark and majestic rocks, crystal clear waters of its vibrant rivers and streams, awesome grandeur of its temples, lush tropical forests abounding with innumerable species of flora and fauna and large hearted people with regal traditions poured with gay abundant all over the district makes Pathanamthitta an intoxicating amalgamation of the best things man and nature has to offer.

This collection of statistical data has been incredible and remarkable journey through the huge maze truths and facts and precise details. The presentation is minuscule –a small cup from the vast ocean-yet it truly is a collectors item and to be kept close at hand for ready reference and reading.
