## P R E F A C E

“The Hand Book on commercial Information” is the first in a series designed to present information on the Commercial aspects of the State’s economy. Attempts have been made to cover important topics in this field and to furnish data on the latest period possible. The data presented in this publication have been drawn from diverse sources. The sources from which data have been collected are indicated at the foot of the tables.

It is hoped that this publication will go a long way to serve the needs of those who wish to have a picture of the Commercial position of Kerala.

This publication has been prepared by Shri C. R. Parameswaran, Research Officer, assisted by Smt. K. P. Thresiamma, Research Assistant, under the guidance of Shri P. P. Philipose, Deputy Director (Planning and Co-ordination Division), of this Bureau.

Suggestions for improvement of the publication are welcome.
