2007

Government of Kerala

***REPORT ON MARKET ARRIVALS FOR
THE YEAR 2006***

MARKET INTELLIGENCE DIVISION

Department of Economics & Statistics

Thiruvananthapuram

2007

Preface

The department of Economics and Statistics is the apex and nodal agency for the collection, compilation and dissemination of Statistical data of various sectors of Kerala Economy. There is a growing demand for statistical data regarding the market arrivals from various users such as Research Scholars, Planners, etc. This publication entitled "Report on market arrivals for the year 2006" contains details of market arrivals from villagers and also from wholesale markets or the retail market centers.

The generous cooperation extended by individuals, Government departments, Trade and Commerce Establishments etc in making available the required data and the work done by the Head Quarter Officers and field level staffs of this department gratefully acknowledged.

This report is the outcome of sustained efforts made by Sri. Sooraj Cheruthottathil, Sri. Jaison Jose, L.D.Compiler, Sri. D. Samraj, Research Assistant under the supervision of Smt. Hafema Beegum, K., Assistant Director (Prices) and the guidance of Smt. K.Santha Kumari, Additional Director (Prices).

Suggestion and improvements of this publication are most welcome.

M. R. Balakrishnan

DIRECTOR,

Report on Market arrivals for the year 2006

The collection of prices is one of the major items of work under taken by the Department of Economics & Statistics. The importance and utility of the information pertaining to the price movements affect all sectors of economy. Both the scope and coverage of this price collection have undergone many changes and it is the duty of the department to produce qualitative data on Prices. For this, knowledge updation for the field level functions is effected by way of issuing instructions and giving training to the persons concerned as and when required.

A scheme for the improvement of market intelligence was implemented in the second five year plan and continued in the third Five Year Plan for obtaining necessary market intelligence from all over the state. These data are rapidly processed, analysed and presented in a appropriate manner as to enable Government to keep a watch over the changing Price Situation and to assist the producers in securing fair prices. These data are also used for planning purposes and taking policy decision.

The market arrivals include arrivals from villages and also from other markets. Arrivals from villages include the quantities brought by the farmers as well as the quantities brought by village merchants or commission agents etc. The arrivals from other markets include the quantities arrived in a wholesale market from any other wholesale market. From the market arrivals, outgoing quantities are the quantities which go outside the wholesale market either for sale in the retail market for local sale or for dispatch to outside market.

Stock will be the quantities left in the stock in wholesale traders and commission agents for further sale. The present report contains market arrivals in the state for the year 2006.

DIRECTOR
