CONSUMER PRICE INDEX NUMBERS

1957 To 2002

Government of Kerala

DEPARTMENT OF
ECONOMICS & STATISTICS

2003

Preface

The Consumer Price Index Numbers are designed to play an important role in the economic life of a large section of the population whose wages are regulated by these index numbers. The Consumer Price Index Numbers over a period of time gives average percentage change in the price paid by the consumers for a fixed basket of goods and services consumed by them. The index is calculated month after month with reference to a fixed base period.

The index numbers are used for many purposes. The most important use is the regulation of Dearness Allowances of employees to compensate for the escalation in the prices. At Government level the index numbers function as an economic barometer which helps to determine general economic policies with respect to wages, prices, etc. These are also used to measure the purchasing power of currency and real income of a particular population group. The inflation for a particular period can also be gauged with the help of Index Numbers.

The Consumer Price Index Numbers for Industrial and Agricultural labourers for Kerala are compiled and released every month by the Directorate of Economics and Statistics. Director is empowered vide clause (c) of section 2 of the Minimum Wages Act (Central Act XI of 1948) to ascertain and publish the Consumer price Index Numbers. There has been growing demand for these index numbers from various quarters. Labour Bureau, Government of India is ascertaining and publishing different series of Consumer Price Index Numbers especially for Industrial workers, Agricultural labourers etc. Considering the importance of the subject an earnest effort is made to arrange the Consumer Price Index numbers published by the Director of Economics & Statistics as well as Labour Bureau, Simla, chronologically from the year 1957, and to bring out it in the form of a booklet. I hope that it will be useful for Data users, Research Scholars and Planners.

The generous co-operation extended by individuals, Government departments, labour Community, trade and commerce establishments etc. in making available the required data and the work done by officers and field level staff of this department are gratefully acknowledged.

This report is the outcome of the sustained effort made by Smt P. Krishna Kumari, Smt. B.K. Shamju. and Sri. P. Padma Kumar, Lower Division Compilers, Sri T.S. Subramoney, Sri. G. Manikantan Pillai and Sri. R Ravindran Nair, Upper Division Compilers and Smt. Selinamma Abraham, Research Assistant, and Sri M.S. Purushothaman, Sri R. Sree kumar, Research Officers under the supervision of Sri V. Madhusoodanan, Assistant Director (Prices) and guidance of Smt. S Indira, Additional Director (Prices)

Suggestions on the improvement of this publication are most welcome.
