DEPARTMENT OF ECONOMICS AND STATISTICS
TRIVANDRUM
May 1990

P R E F A C E

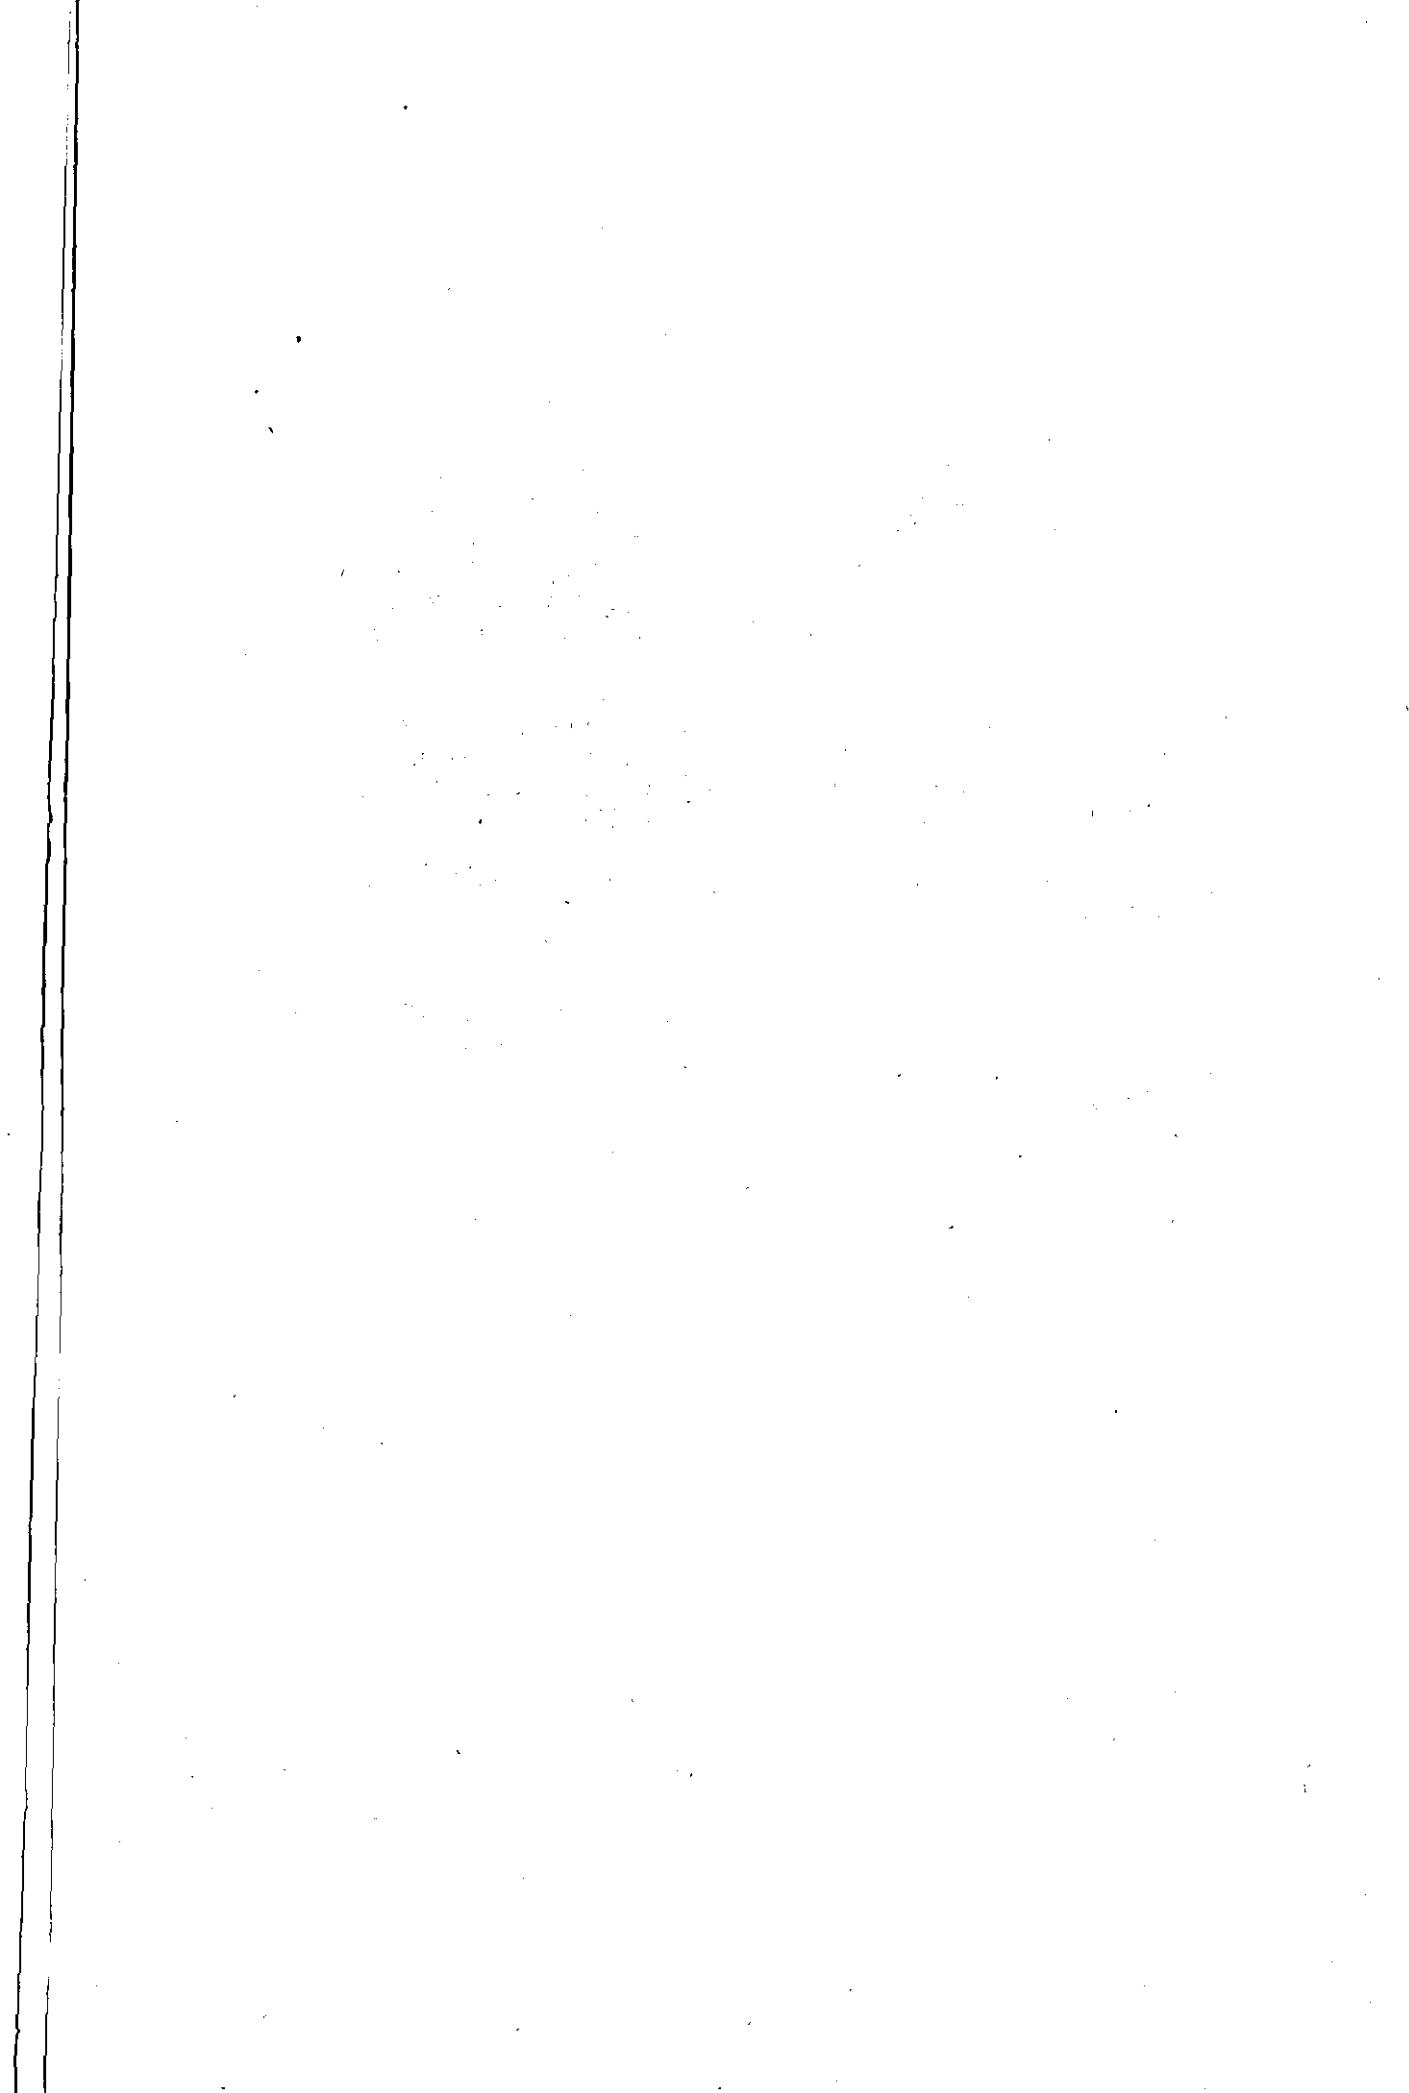

This report presents statistics on persons working in the coir sector in Kerala. Attempt has been made in this Report for presenting estimates of various socio-economic aspects of coir workers. Data presented in this report is brought out on the basis of coir workers' census conducted in the State during 1988.

I hope this report will be useful to the planners and administrators for formulating policies for the betterment of socio-economic conditions of the coir workers in the State.

This report has been prepared by the Survey and Design Unit of this Directorate.

P.L. SREEDEVI AMMA,
Director of Economics & Statistics.

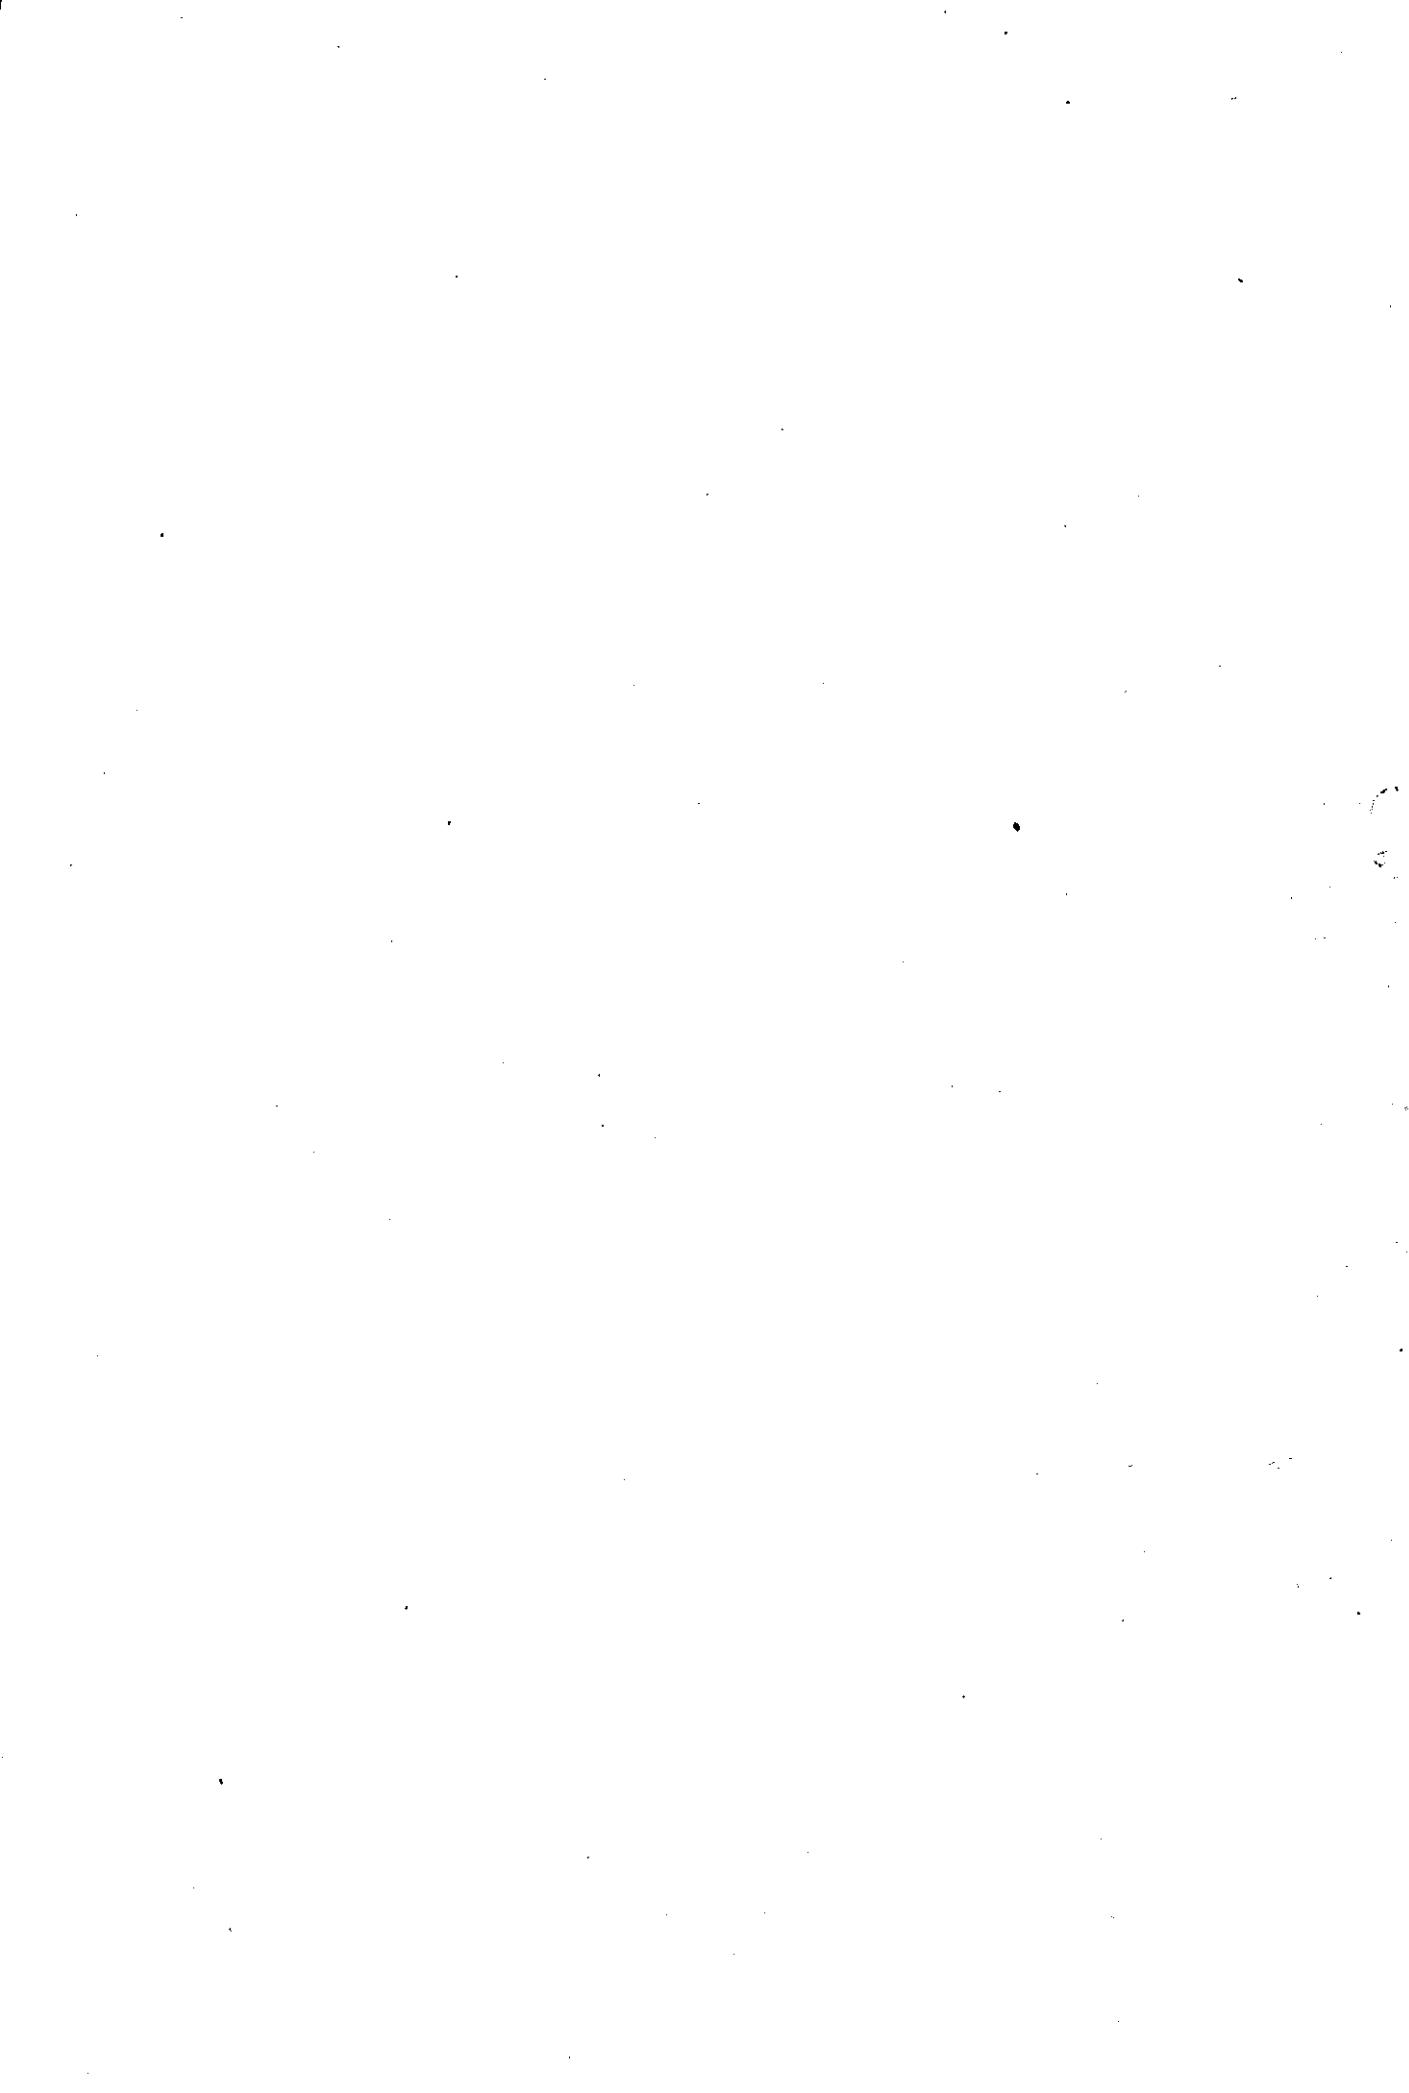

Thiruvananthapuram,
31. 5. 1990.

ACKNOWLEDGEMENT

The census work was financed jointly by the Government of Kerala and the Coir Board, Cochin. The receipt of financial support from the Coir Board for the venture is gratefully acknowledged.

Director of Economics and
Statistics.

Introduction

The Coir Industry which has developed in Kerala as a labour-oriented cottage industry occupies an important place in the State's economy. In 1981 the Department of Economics and Statistics conducted a survey of coir workers which identified the area of concentration and villages of the Coir workers. In order to chalkout schemes beneficial to coir workers it is necessary to launch a programme of identification of actual coir workers and thier registration and issue of identity cards.

1.1 As per the G.O.(Rt)No.83/88/ID. dated 30.1.1988 of Industries (E) Department, Government of Kerala authorised the Department of Economics and Statistics to conduct a Census of coir workers in the State. The present Census was conducted to meet this requirement. Subsequently as per G.O.(Rt)560/89/ID. dated 20.5.1989, Government required this Department to tabulate the data collected through the Census by recruiting Employment Exchange Personnel. The tabulation could be started only during July/August 1989. Due to the high volume of work Government extended the period of the tabulation work, for a period of 6 weeks. The district level tabulation work was completed in December 1989. State level consolidation of the tabulated data and the preparation of the report was done at the Headquarters by the Staff in the survey and Design Unit.

2. Design and Organisation of the Census

The objective of this Census was to identify the actual coir workers and issue family benefit identity cards to them incorporating all the relevant details of the members thereof. The Census covered 256 revenue villages spread over 29 Taluks in the State where coir workers are concentrated. The period of the survey was 4 months. The field work was carried out by enumerators specially recruited for the work through Employment Exchanges. A total of 250 enumerators were appointed for the work and they were paid a remuneration of Rs.3/- per coir household.

The enumerators visited each house in the selected villages and collected the required details through interview method. Field Supervision was done by the Taluk Statistical Officers/Statistical Inspectors/Investigators for which an honorarium of Rs.100/- per month was paid. The compilation and tabulation were done at the District Headquarters and the State level consolidation, analysis and report writing were done at the State headquarters.

The survey was primarily aimed at identifying the coir workers. It was considered desirable to make primary tabulation of the data collected so as to provide information on the basic characteristics of the coir workers and coir worker households.

The districts of Wayanad, Palakkad, Idukki and Pathanamthitta were not covered in the survey as coir industry is not a significant occupation in those areas.

For tabulation of the data, 40 tabulators were recruited through Employment Exchange for a period of two months for a monthly honorarium of Rs.900/-. Considering the work load the period of tabulation was later extended to 3 weeks more.

3. Concepts and Definitions

The important concepts and definitions adopted for the census are discussed hereunder.

3.1 Household

A group of persons normally living together and taking food from a common kitchen will constitute a household.

3.2 Coir worker

Persons engaged in any type of works related to coir industry for their livelihood are considered as coir workers. Those who were engaged in the works related to coir sector in their own houses without any salary and those who work for wages in any household or institution may

be treated as coir worker. Persons who were engaged in coir industry traditionally but were unemployed (or temporarily engaged in other activities) at the time of the survey due to lack of work in coir industry are also considered as coir workers.

3.3 Main worker

Coir workers who earn their income mainly through employment in the coir industry is defined as main worker.

3.4 Subsidiary worker

Coir workers whose employment in the coir industry is only a secondary source of income is defined as subsidiary worker.

3.5 Self-employed

A self employed person is an own account worker engaged in his own household unit with or without the help of the household members.

3.6 Employee

An employee is one who is engaged in a unit for wages or salary in cash or kind.

4. Findings of the Census

4.1 Population in the Coir Workers Households

According to the present census there were 212813 Coir Worker households in the State. The total population in the coir workers' households was about 11.08 lakhs, out of this 3.83 lakhs (34.62%) were coir workers (Table No. 1(a)). The district-wise percentage distribution of Coir workers to total population of the coir households is given in Table I(b). It reveals that the percentage of Coir workers to total population of Coir households is the highest (50.44%) in Kottayam district. This is followed by the districts of Trivandrum (38.74%) and Alleppey (36.91%). In Cannanore district only 24.68% of the population of Coir worker households were actual coir workers.

Table 1(a) District-wise distribution of population and number of Coir workers in the Coir Worker Households

| Sr. No. | Name of District | No. of Coir workers household | Population in the Coir workers household | Number of coir workers |
|--------------|------------------|-------------------------------|--|------------------------|
| 1 | 2 | 3 | 4 | 5 |
| 1. | Trivandrum | 20959 | 99748 | 38643 |
| 2. | Quilon | 33547 | 166336 | 53621 |
| 3. | Alleppey | 93595 | 474644 | 175191 |
| 4. | Kottayam | 6846 | 36079 | 18199 |
| 5. | Ernakulam | 15071 | 82901 | 25409 |
| 6. | Trichur | 5879 | 32263 | 10306 |
| 7. | Malappuram | 8084 | 50825 | 14592 |
| 8. | Kozhikode | 25739 | 145353 | 42489 |
| 9. | Cannanore | 2140 | 13491 | 3330 |
| 10. | Kasaragode | 953 | 5874 | 1614 |
| Total | | 212813 | 1107514 | 383394 |

Table 1(b) District-wise percentage distribution of Coir Workers to total population of Coir households

| Sr. No. | District | Percentage Distribution of Coir Workers | | |
|--------------------|------------|---|--------------|--------------|
| | | Male | Female | Total |
| 1 | 2 | 3 | 4 | 5 |
| 1. | Trivandrum | 15.78 | 57.56 | 38.74 |
| 2. | Quilon | 9.30 | 53.09 | 32.24 |
| 3. | Alleppey | 11.49 | 60.36 | 36.91 |
| 4. | Kottayam | 33.64 | 66.45 | 50.44 |
| 5. | Ernakulam | 12.59 | 46.89 | 30.65 |
| 6. | Trichur | 19.14 | 43.05 | 31.94 |
| 7. | Malappuram | 9.01 | 47.50 | 28.71 |
| 8. | Kozhikode | 4.34 | 51.36 | 29.23 |
| 9. | Cannanore | 10.03 | 36.88 | 24.68 |
| 10. | Kasaragode | 15.32 | 37.65 | 27.48 |
| State Total | | 11.53 | 55.49 | 34.62 |

The number of Coir workers in each district with percentages are given in Table 2(a).

Table 2(a) District-wise Distribution of Coir workers

| Sl. No. | District | Total No. of Coir workers | Percent-age |
|--------------|------------|---------------------------|---------------|
| 1 | 2 | 3 | 4 |
| 1. | Trivandrum | 38643 | 10.08 |
| 2. | Quilon | 53621 | 13.99 |
| 3. | Alleppey | 175191 | 45.69 |
| 4. | Kottayam | 18199 | 4.75 |
| 5. | Ernakulam | 25409 | 6.63 |
| 6. | Trichur | 10306 | 2.68 |
| 7. | Malappuram | 14592 | 3.81 |
| 8. | Kozhikode | 42489 | 11.08 |
| 9. | Cannanore | 3330 | 0.87 |
| 10. | Kasaragode | 1614 | 0.42 |
| Total | | 383394 | 100.00 |

Nearly 46% of the Coir workers are concentrated in Alleppey District. Quilon district has second place with about 14% of the coir workers. Kasaragode district has the lowest concentration with only 0.42% of the total coir workers.

4.2 Coir worker households and average number of Coir worker per household

Taluk-wise details of coir worker's households, number of coir workers and average number of coir workers per household are furnished in Table 2(b).

The total number of coir worker households in the State during the period of the census was found to be 2.13 lakhs giving an average number of 2 coir workers per household. The taluk-wise distribution of the coir workers shows the highest concentration of coir workers and coir households in Shertallai Taluk in Alleppey district.

| State | 212813 | 2 | 60601 | 322793 | 383394 | |

For the purpose of the census, coir workers were classified into main workers and subsidiary workers. For the main workers, major portion of their income is obtained through employment in the coir industry while for subsidiary workers employment in the coir industry is only a secondary source of income. Students are also included in the second category. Table No.3 given below shows that 93.58% of the total coir workers were main workers at the time of the census. The subsidiary workers constituted 6.42% of the total workers.

District-wise analysis of the main and subsidiary workers shows that in the districts of Trivandrum, Quilon, Alleppey, Ernakulam and Trichur more than 90% of the coir workers were main workers thus depending upon coir sector mainly for their livelihood.

Table - 3 District-wise distribution of Main workers and Subsidiary workers

| Sl. No. | District | Percentage distribution | | | | | |
|---------|------------|-------------------------|-------------------|-------------------|--------------------|-----------------|-----------------|
| | | Main workers | | | Subsidiary workers | | |
| | | Male | Female | Total | Male | Female | Total |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| 1. | Trivandrum | 6731 (94.98) | 31354 (99.36) | 38085 (98.56) | 356 (5.02) | 202 (0.64) | 558 (1.44) |
| 2. | Quilon | 7090 (96.20) | 44703 (96.65) | 51793 (96.59) | 280 (3.80) | 1548 (3.35) | 1828 (3.41) |
| 3. | Alleppey | 24404 (93.21) | 140627 (94.38) | 165031 (94.20) | 1779 (6.79) | 8381 (5.62) | 10160 (5.80) |
| 4. | Kottayam | 4011 (67.74) | 11339 (92.35) | 15350 (84.35) | 1910 (32.26) | 939 (7.65) | 2849 (15.65) |

NB: Figures in brackets show percentages.

4.3 Age and Sex composition of Coir workers

The age-sex patterns of coir workers is of significance in formulating welfare measures for coir workers. Of the total coir workers, 84.19% were females and 15.81% were males. The percentage distribution of coir workers according to age and sex shows that nearly 99.1% of the male workers and 99.3% of the female workers were in the age group 15 years and above. Contrary to the general belief children below 15 years of age, both male and female formed only less than 1% of total coir workers. District-wise age distribution of workers shows that the highest percentage (2.92%) of employment below 15 years of age were in Kottayam district. The age-sex patterns of coir workers are given in Table 4.

Table - 4 Percentage distribution of coir workers by age and sex

| Sl. No. | District | Percentage distribution of coir workers according to age and sex | | | | | | Total | | | |

| State Total | | 0.93 | 0.69 | 0.73 | 99.07 | 99.31 | 99.27 | 15.81 | 84.19 | 100.00 | |

4.4 Occupational Status

Total Coir workers in the State have been classified according to the sector in which they were employed. Each category of activity is given a separate code. They are the following:-

| | | |
|------|---|---|
| Code | 1 | - Retting |
| Code | 2 | - Beating |
| Code | 3 | - Fibre cleaning |
| Code | 4 | - Spinning |
| Code | 5 | - Drying & bundling |
| Code | 6 | - Works related to manufacturing of coir products |
| Code | 7 | - Finishing & packing of coir products |
| Code | 8 | - Other works related to coir sector |

The major activity in the coir industry in which the workers were engaged was also ascertained in the Census. The spinning sector accounts for 70% of the coir workers and the beating sector around 14%. Only less than 1% of the workers were found to be engaged in the works related to finishing and packing of coir products. The number of coir workers in each district classified by the activity they were engaged is given in Tables 5(a) and 5(b). Details of workers given in Table 5(a) shows that in all districts except Kasaragode, spinning is the activity in which the major proportion of the coir workers, were engaged. While in Kozhikode district as high as 82.48% of the coir workers were engaged in spinning work, the corresponding figure for Kasaragode district was only 27.69%. In Kasaragode district nearly half of the coir workers (48.51%) were engaged in beating of the husk. Table 5(b) shows that spinning and beating are two major activities in which volume of women employment was very high forming nearly 80% of the total coir workers.

Table - 5(a) District-wise Percentage Distribution of Coir workers according to Occupational Status

| District | Retting | Beating | Fibre cleaning | Spinning | Drying & bundling | Works related to coir products | Finishing & packing works of coir products | Other works related to coir sector | Total | |

4.5 ACTIVITY STATUS

The activity status of coir workers was determined on the basis of the nature of their employment. Accordingly the coir workers were classified into employees and self employed. An 'employee' is one who is engaged in a unit for wages or salary in cash or kind. A self employed person is an own account worker engaged in his own household unit with or without the help of the household members. About 50.10% of the coir workers were found to be self employed and 49.90% of them were employees of other units. Distribution of coir workers according to the nature of their employment is furnished in Table 6.

Table - 6 Percentage Distribution of Coir workers according to activity Status

| Sl. No. | District | Percentage Distribution | | |
|-------------|------------|-------------------------|---------------|--------|
| | | Employee | Self employed | Total |
| 1 | 2 | 3 | 4 | 5 |
| 1. | Trivandrum | 84.61 | 15.39 | 100.00 |
| 2. | Quilon | 64.66 | 35.34 | 100.00 |
| 3. | Alleppey | 29.29 | 70.71 | 100.00 |

| 9. | Cannanore | 58.38 | 41.62 | 100.00 |
| 10. | Kasaragode | 44.61 | 55.39 | 100.00 |
| State total | | 49.90 | 50.10 | 100.00 |

4.6 Education Standard of Coir workers

While identifying the actual coir workers, enquiries were made of the educational attainments of the coir workers. The tabulated figures of these aspects are furnished in Table 7. This shows that about 23.83%

of the coir workers were illiterate, 44.76% educated at Lower Primary level and 21.61% attained Upper Primary education. Only 8.58% had reached Secondary education level. Those who had above secondary level formed only 1.22%. The percentage of illiterate coir workers is the highest (39.17) in Malappuram District and the lowest (11.42) in Kottayam District. So also the percentage of coir workers who have educated above secondary level is 2.50% in Kottayam district while it is less than 1% in the districts of Malappuram, Kozhikode, Cannanore and Kasaragode.

Table - 7 Percentage distribution of coir workers by Educational Status

| Sl. No. | District | Percentage Distribution | | | | | Total |
|---------|--------------|-------------------------|-------|-------|----------------|--------------------|--------|
| | | Illiterate | L.P. | U.P. | Secon- dary | Above secondary | |

| 10. | Kasaragode | 32.28 | 59.98 | 6.75 | 0.93 | 0.06 | 100.00 |
| | State total, | 23.83 | 44.76 | 21.61 | 8.58 | 1.22 | 100.00 |

4.7 Distribution of coir worker households by residential houses owned.

The district-wise distribution of coir workers households according to ownership of residential houses is given in Table 8. It shows that about 96.69% of the households were owning houses and the remaining 3.31% of the households were not having own houses. The figures furnished in the table shows that about 97% of the coir worker households in the State had their own houses for residential purposes.

Table - 8 District-wise Percentage distribution of coir workers households according to ownership of residential houses

| Sl. No. | District | Percentage Distribution | | | Total |
|--------------------|----------|-------------------------|-------------|--|---------------|
| | | Owned | Not | | |
| | | | owned | | |
| 1 | 2 | 3 | 4 | | 5 |
| 1. Trivandrum | | 90.83 | 9.17 | | 100.00 |

| State Total | | 96.69 | 3.31 | | 100.00 |

4.8 Type of Roof of residential houses

Percentage distribution of households according to the material of roof of their houses shows that about 53% of the households had houses made of thatched roof and 47% were of tiles. Less than 1% of the households had concreted roofs. The tabulated figures are given in Table 9.

Table - 9 Percentage Distribution of Coir worker households according to type of roof of houses

| Sl. No. | District | Percentage Distribution | | | Total |
|----------------|----------|-------------------------|--------------|-------------|---------------|
| | | Thatched | Tiles | Concrete | |
| | | | 3 | 4 | |
| 1 | 2 | 3 | 4 | 5 | 6 |
| 1. Trivandrum | | 83.10 | 15.28 | 1.62 | 100.00 |
| 2. Quilon | | 62.00 | 36.24 | 1.76 | 100.00 |
| 3. Alleppey | | 48.46 | 51.17 | 0.37 | 100.00 |
| 4. Kottayam | | 38.40 | 61.22 | 0.38 | 100.00 |
| 5. Ernakulam | | 25.69 | 73.23 | 1.08 | 100.00 |
| 6. Trichur | | 56.57 | 42.61 | 0.82 | 100.00 |
| 7. Malappuram | | 57.89 | 41.42 | 0.69 | 100.00 |
| 8. Kozhikode | | 51.38 | 47.77 | 0.85 | 100.00 |
| 9. Cannanore | | 20.89 | 78.18 | 0.93 | 100.00 |
| 10. Kasaragode | | 30.75 | 68.00 | 1.25 | 100.00 |
| Total | | 52.65 | 46.50 | 0.85 | 100.00 |

4.9 Distribution of households according to Plinth area of residential houses

The distribution of households according to plinth area of houses shows that about 85% of the households were having residential houses with only less than 500 Sq.m. of plinth area. Households having a plinth area in the range of 500 - 1000 Sq.m. formed 13.68% and 1% of the households possessed houses with a plinth area of above 1000 Sq.m. The figures are provided in Table 10.

Table - 10 Percentage distribution of coir worker households according to plinth area of residential houses

| Sl. No. | District | Percentage Distribution | | | Total |
|----------------|----------|-------------------------|----------------|-------------|--------|
| | | <500 Sq.m. | 500-1000 Sq.m. | >1000 Sq.m. | |

| 6. Trichur | | 69.99 | 28.53 | 1.48 | 100.00 |
| 7. Malappuram | | 64.39 | 34.87 | 0.74 | 100.00 |
| 8. Kozhikode | | 95.45 | 4.43 | 0.12 | 100.00 |
| 9. Cannanore | | 75.23 | 22.76 | 2.01 | 100.00 |
| 10. Kasaragode | | 66.53 | 32.42 | 1.05 | 100.00 |
| Total | | 85.32 | 13.68 | 1.00 | 100.00 |

4.10 Income distribution of coir households

The income of the coir worker households from coir works and other sources were considered for this purpose. The percentage distribution of total income of the coir worker households by sources is given in Table 11. It shows that 48.17% of the income was from coir sector and 51.83% from other sources. The income distribution given in table 12 reveals that the average monthly income of a coir household from coir sector was Rs.97.77. The corresponding figure from other sources was Rs.105.18. Wages of the coir workers are comparatively low. Average monthly income of a coir worker from the coir sector was

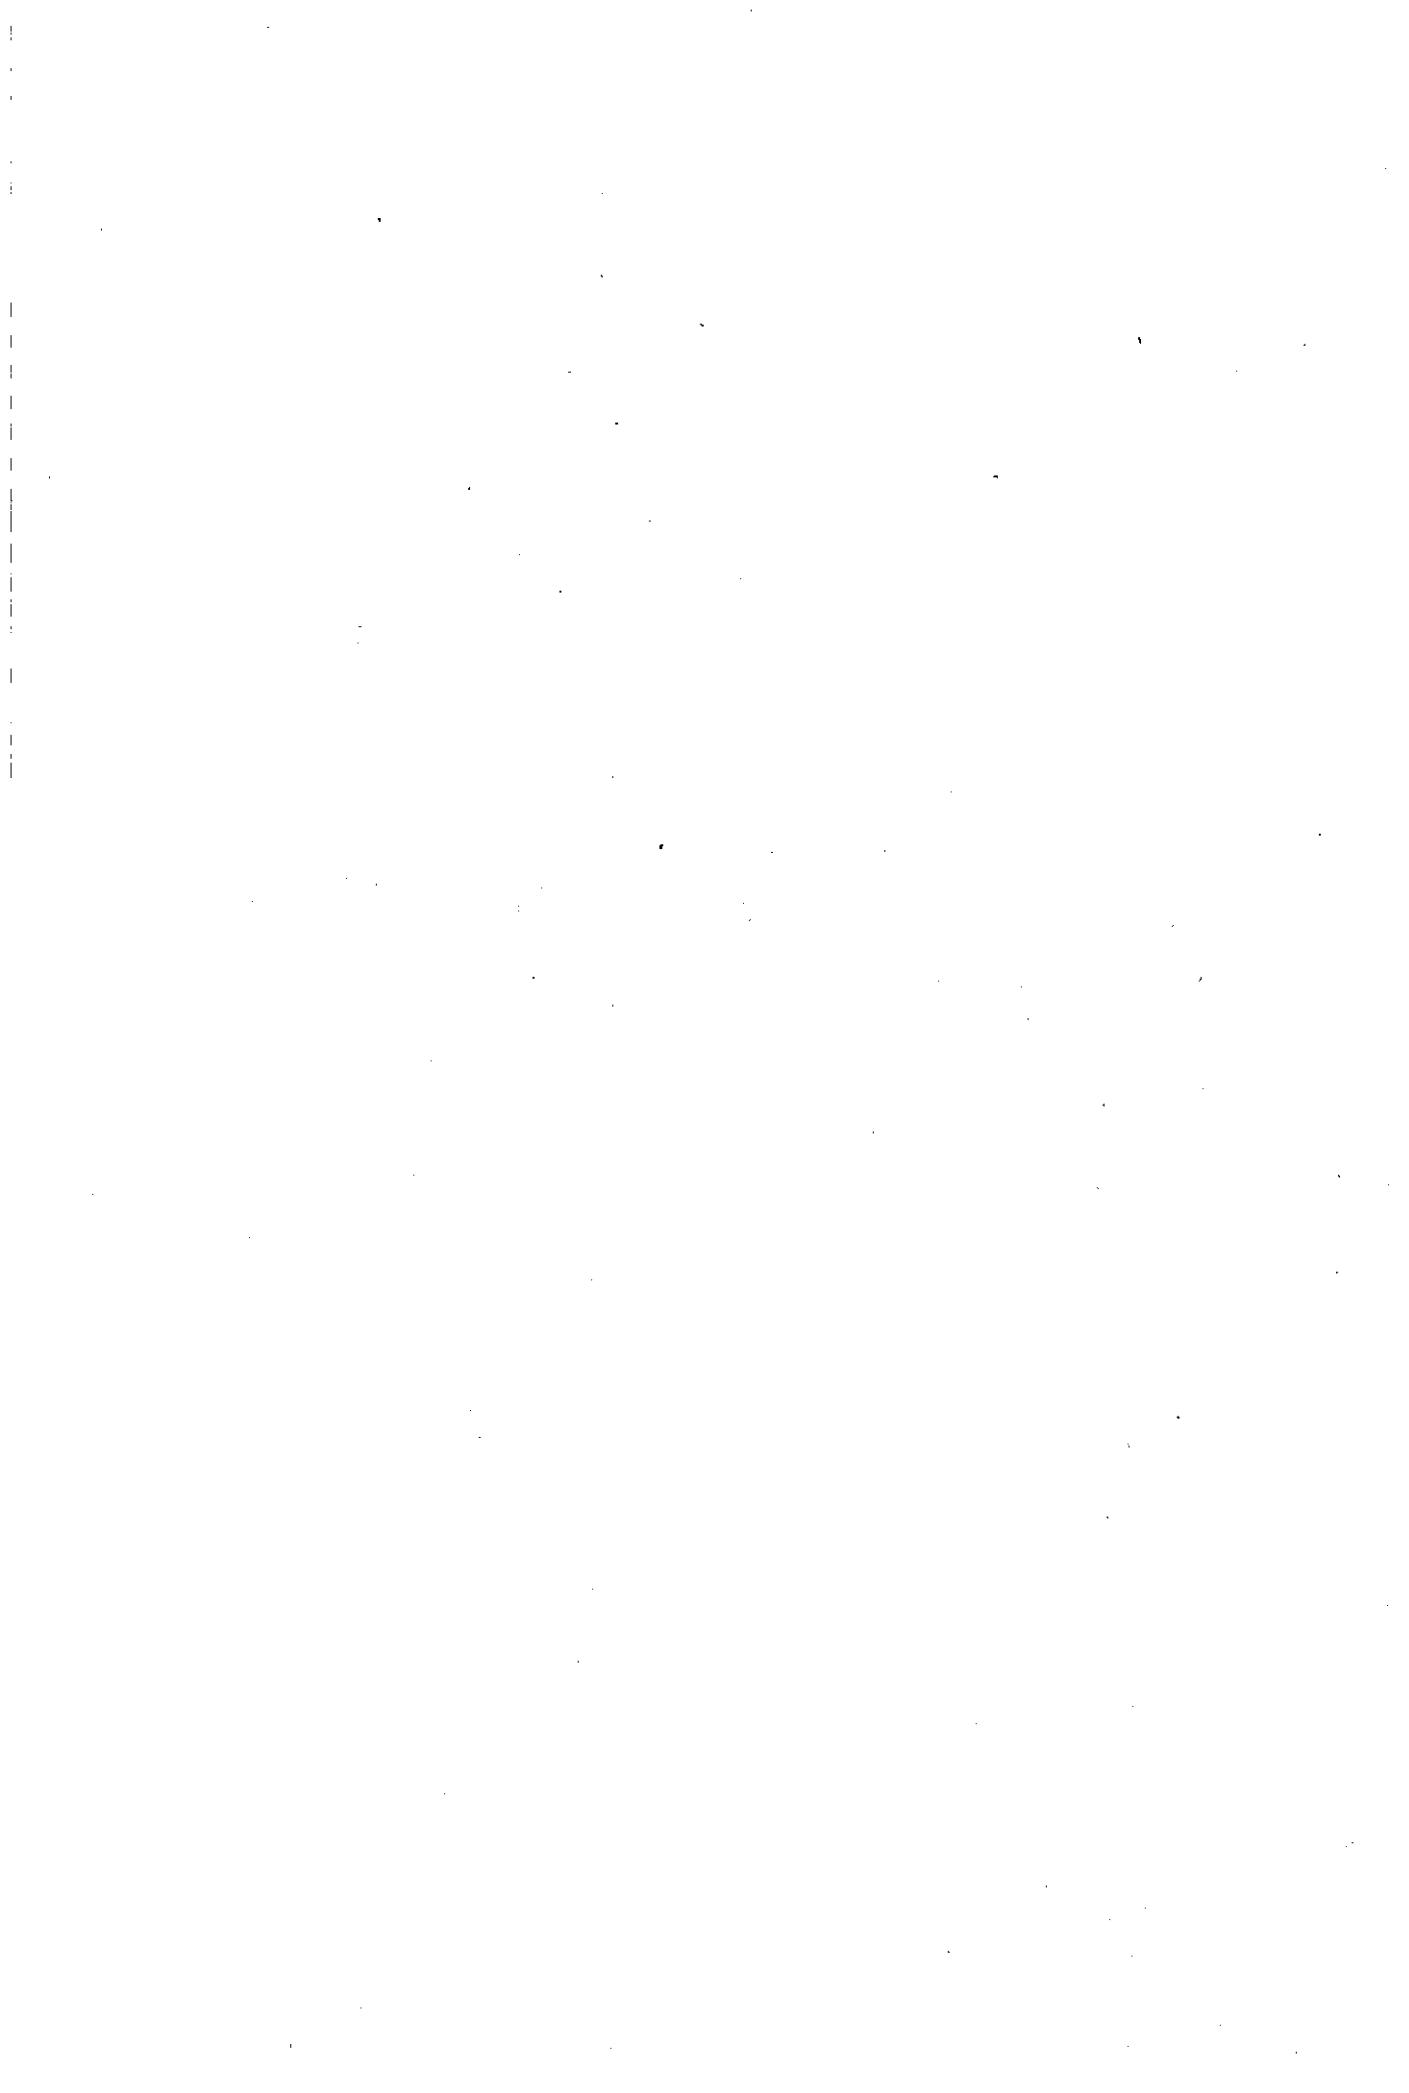

Rs.54.27 and the same from other sources was Rs.58.38. District-wise analysis of the average monthly income of the coir worker households from coir sector and other works shows that the average monthly income obtained from coir sector per household is the highest in Trivandrum District (Rs.183.40) and the lowest in Kozhikode District (Rs.70.33). Kasaragode District accounts for the highest average monthly income of the coir worker households (Rs.331.31). This includes income from coir sector as well as others. The corresponding figures for Kottayam district is only Rs.148.51 which is the lowest. The low average monthly income of the coir households may be due to high burden of dependency in these households.

Table - 11 Percentage distribution of income of the coir worker households by source
