Report on

**Wholesale Price Index of
Manufactured Commodities**

2007-08

**Department of Economics & Statistics
Thiruvananthapuram
2008**

PREFACE

During the last three decades, considerable emphasis has been given to industrialisation in the country's development process. As a result, the industrial sector has steadily grown and started producing a variety of goods for the consumer market. In earlier times, people were more concerned with the price changes of agricultural commodities; but with the increasing role of the industrial goods in the life of the people, the price changes of manufactured articles too become significant.

The Department of Economics and Statistics computes the Wholesale Price Index Numbers of manufactured commodities, covering the organised and unorganised sectors of the economy every year. The indices depict the price fluctuations in the wholesale transactions of manufactured commodities in the primary market in the state and also it helps to have a sustained watch on the price variations in the wholesale market over a period of time.

This report is prepared by Smt. Shylamma.K, Asst. Director (IIP in charge), with the wholehearted co-operation of officials of the IIP Division under the supervision of Sri. M. Suresh Babu, Joint Director (S&D), and the overall guidance of Sri K. Asokan, Additional Director (SI). Suggestions on the improvement of this publication are most welcome.

M.R. Balakrishnan
Director

Thiruvananthapuram
Date: 29-4-2009

Wholesale Price Index of Manufactured Commodities

1. Introduction

The Wholesale Price Index Report is the indicator of price fluctuations in the wholesale transactions of manufactured commodities in the primary market of Kerala Economy. The wholesale price index numbers of manufactured commodities in organised and unorganised sectors are computed separately. Organized sector includes registered factories, and unorganised sector includes unregistered small establishments and own-account enterprises. The indices are also used as price indicators for the state income computation.

2. Base Year

The index is computed to study the changes in prices with the base year (1975-76). In the case of organised sector, the weight and price for 1975-76 are taken, but in the unorganised sector the weight for 1978-79 is substituted for 1975-76.

However, for the purpose of studying the changes, the indices have been computed for back years up to 1975-76.

3. Weighting Diagram

The proportional value of individual items to gross value of commodities for sale in the state during the base year is used to obtain the weighting diagram for both indices. For the items relating to the organised sector, gross value of production during the year 1975-76 and for the items related to the unorganised sector, gross value of production during the year 1978-79 have been taken to derive the weights. Manufactured articles flowing in to the primary market from outside state have been excluded. In order to derive the weights, each manufactured article has been grouped on the basis of National Industrial Classification at two-digit level. In certain cases where contribution of individual group to the total value is nominal, the group has been arranged under a broad class. Production data from Annual Survey of Industries 1975-76 have been used for organised sector and value of gross production estimated from the follow-up surveys of Economic Census conducted in 1978-79 have been used for the unorganised sector.

4. Price Collection

The commodities for price collection are fixed taking into account the importance of each commodity as decided in the gross value of production in the base year and representative nature as reflected by price movements of the group in which these commodities are included. The availability of a particular item in the market for a fairly long period during the year has been considered for selection of that item for price collection. In the organised sector, representative items have been selected for price collection for computation of the index.

For Organised and Unorganised sector the data collected from 10 selected districts viz; Thiruvananthapuram, Kollam, Kottayam, Alappuzha, Ernakulam, Thrissur, Palakkad, Malappuram, Kozhikkode and Kannur. The district level officers visits the selected factories/establishment and collect the data directly once in a month. The data thus collected, computed, tabulated and index preparations are done at the Directorate.

NIC Code-wise and monthly wholesale price index are prepared for the organized and unorganized sector.

The list of industrial groups, which are selected for the preparation of wholesale price index and 2 digits NIC Code, are given below.

Organised Sector

1. Manufacture of food products (20-21)
2. Manufacture of beverages, tobacco and related products (22)
3. Manufacture of cotton textiles (23)
4. Manufacture of wool, silk and man-made fiber textiles (24)
5. Manufacture of textile products (26)
6. Manufacture of wood and wood products (27)
7. Manufacture of paper and paper products (28)
8. Manufacture of basic chemicals except petroleum and coal (30)
9. Manufacture of rubber, plastic, petroleum and coal products (31)
10. Manufacture of non-metallic mineral products (32)
11. Basic Metals and Alloys Industries (33)
12. Manufacture of metal products and parts except machinery (34)
13. Manufacture of machine equipments other than transport equipments (35)

14. Manufacture of synthetic equipments, photographic equipment etc. (36)
15. Manufacture of transport equipment and parts (37)
16. Other manufacturing industries (38)

Unorganised Sector

1. Manufacture of food products (20-21)
2. Manufacture of beverages, tobacco and related products (22)
3. Manufacture of cotton textiles (23)
4. Manufacture of textile products (26)
5. Manufacture of wood and wood products (27)
6. Manufacture of paper and paper products (28)
7. Manufacture of rubber, plastic, petroleum and coal products (31)
8. Manufacture of non-metallic mineral products (32)
9. Manufacture of metal products and parts except machinery and transport equipments (34-35)
10. Other manufacturing industries (38)

5. Method of Computation

The Wholesale Price Index numbers of manufactured commodities have been computed by using the Laspeyres's Formula:

$$I = \frac{\sum (W_i \times R_i)}{\sum W_i}$$

Where

- I = Wholesale Price Index
W_i = Weight attached to the ith item
R_i = Wholesale price relative of the ith item
R_i = P_i/P₀

Where P_i = Current price of the i^{th} item

P_o = Base year price of i^{th} item

6. Trend of Wholesale Price Indices of Manufactured Commodities

The base year for Wholesale Price Indices of Manufactured Commodities for organized sector is taken as 1975-76 and for the unorganised sector is 1978-79

| Year | Organised Sector | Unorganised Sector |
|---------|------------------|--------------------|
| 1975-76 | 100 | 100 |
| 1980-81 | 166 | 159 |
| 1985-86 | 254 | 225 |
| 1990-91 | 409 | 369 |
| 1995-96 | 634 | 630 |
| 1996-97 | 689 | 713 |
| 1997-98 | 732 | 774 |
| 1998-99 | 782 | 817 |
| 1999-00 | 803 | 833 |
| 2000-01 | 844 | 895 |
| 2001-02 | 941 | 935 |
| 2002-03 | 938 | 984 |
| 2003-04 | 883 | 975 |
| 2004-05 | 934 | 1051 |
| 2005-06 | 993 | 1104 |
| 2006-07 | 1100 | 1239 |
| 2007-08 | 1130 | 1350 |

In the Organised Sector, the Wholesale Price Index of Manufactured Commodities are increasing with a percentage change of 2.72% as compared to the previous year 2006-2007. This percentage increase may be due to the increasing trend of the items. The Unorganised Sector is also showing an increase in the wholesale price index as compared to the previous year 2006-07. This percentage increase is about 8.96%.

7. Conclusion

The Index of Organised Manufacturing Sector, which had an upward trend from 2004-2005 are continuing till the year. The unorganised sector is also showing an upward trend from the beginning. This trend is also seen in 2007-08. In the organized sector the percentage increase of wholesale price index is 2.72% as compared to the previous year. In the unorganised sector the percentage increase is about 8.96%. The increase in organized and unorganised sectors wholesale price index for manufactured commodities are due to the collective impact of the responsible items. The group's major fluctuations are analyzed below.

8. Analysis and Findings

Organised Sector

On comparing the 2007-08 Index of Wholesale Products in the Organised Sector with its counterpart in the 2006-07 Index, all the 16 groups showing an increasing trend. The index is increased from 1100 to 1130 showing an increase percentage change of 2.72%. Those industry groups that showed gross fluctuations in their indices are analyzed below.

1. Manufacture of food products (20-21)

The index of this group increased from 1119 to 1134 reflecting an increase of 1.34% during the year. This was due to the wholesale price increase of Prawns and Cashew reported from Kollam and Maida from Kozhikode.

2. Manufacture of Cotton Textiles (23)

The index of this industry group reported a decrease of 0.33% over the last year and the index figure went down to 917. This is due to the decrease of wholesale price of

3. Manufacture of Textile Products (26)

The wholesale price index of this group rose from 4107 to 4121 gaining 0.34%. This was due to the increase in wholesale price of Coir Mattings reported from Alappuzha.

4. Manufacture of Wood and Wood Products (27)

The index of this group increased from 3831 to 4170 reflecting an increase of 8.85% during the year. This was due to the wholesale price increase of Jack planks and Teak planks reported from Kozhikkode district.

5. Manufacture of Basic Chemicals & Chemical Products (Except Coal & Petroleum) (30)

The index of this industry group increased 1.32% this year, i.e., which had been 908 last year has become 920 this year mainly as a result of the increase in price of Thribhaladi Oil reported from Malappuram and Caustic Soda from Ernakulam..

6. Manufacture of Rubber, Plastic, Petroleum & Coal (31)

The index of this group made a decrease comparable to that of the previous group by making an annual decrease of 1.29%, which takes the index figure from 1082 to 1070 this year. The change is occurred mainly due to the decrease in price of Petroleum reported from Ernakulam.

Manufacture of Non-metallic Mineral Products (32)

During the year the index of this group shot up from 1215 to 1222 gaining 0.58% increase. The increase in wholesale price of Cement reported from Kottayam and earthenware reported from Kollam were the major factors responsible for the increase.

7. Manufacture of basic Metals and Alloys Industries (33)

This group recorded an increase of 12.59%. i.e., the index from 1009 to 1136 to the increase in wholesale price of Iron and Steel reported from Kozhikkode.

8. Manufacture of Metal Products & Parts Except Machinery & Equipment (34)

This is the industry group which has made the most impacting influence on the overall index of the year by going up from 786 to 1310, which amounts to 66.67% increase in the index. The chief cause of this increase is found to be the increase in price of metal products reported from Alappuzha.

9. Manufacture of Machine Equipments and other than Transport Equipments (35)

This industry group has recorded a 3.67% increase in its index over the last year with the result that the index has gone up from 762 to 790. This is due to the increase price of Agriculture implements produced by Kam Co, Ernakulam and the price of Mammatty produced by Kumar Industries, Palakkad.

10. Manufacture of Transport Equipments and Parts (37)

This group shows the second most increase in index of 7.77% compared to the previous year, the index pulled up from 373 to 402 due to the impact of increase in wholesale price of Cycle Gear Case reported from Thiruvananthapuram.

11. Other Manufacturing Industries (38)

The index of this group decreased from 302 to 294 showing 2.65% decrease in 2007-08. This was due to the decrease in wholesale price of Lead Pencil reported from Kozhikkode.

Unorganised Sector

Out of ten industry sub-groups in the unorganised Sector, the index of nine NIC groups is increased and the index of only one is decreased. Below is a quick rundown of the industry groups, which had a decisive influence on the general index of this sector.

1. Manufacture of food products (20-21)

The increase in wholesale price of Beef and Ayala reported from Kottayam, Thrissur and Kozhikkode resulted in the change of index of this group from 1193 to 1304, which shows an increase of 9.34%.

2. Manufacture of Beverages, Tobacco & Related Products (22)

The index of this group moved up from 1042 to 1226 marking an increase of 17.63%. The increase is attributable to the increase in price of aerated water reported from Kottayam and Thiruvananthapuram.

3. Manufacture of Cotton Textile Products (23)

This year the index of this group shot up from 751 to 844, i.e., increased by 12.40% as a result of the increase in price of Dhoti reported from Kannur.

4. Manufacture of Textile Products (26)

The wholesale price index of this group shows an increase of 11.54%. The wholesale price Coir Fibre reported from Alappuzha district resulted in the increase of index 1162 to 1296.

5. Manufacture of Wood & Wood Products (27)

This group recorded a slight increase of 0.83% during the year. The index increased from 918 to 926. This was due to the wholesale price increase of Cane Furniture reported from Thiruvananthapuram.

6. Manufacture of Paper and Paper Products (28)

This group showed a decrease of 11.82% during the year compared to the previous year. The wholesale price index decreased from 881 to 777. This was due to the price decrease of cards reported from Thrissur. The value of the card and printing cost are reduced to 33% as compared to the previous year.

7. Manufacture of Chemical and Chemical Products (31)

This group showed an increase of 45.01% over the last year. During 2006-07 index for this group was 748, which increased to 1085 during 2007-08. This hike in price of Fireworks items reported from Thrissur resulted for the increase.

8. Manufacture of Non-Metallic Mineral Products (32)

The index of this group increased substantially. The index rose from 3132 to 3446 gaining 10.03%. This was due to the increase in wholesale price of Earthware reported from Kottayam and increase in wholesale price of Burnt Bricks reported from Thiruvananthapuram.

9. Other Manufacturing Industries (38)

The index of this group shoot up from 1937 to 2049. An increase of 5.77% over the previous year was due to increase in price of Jewellery and Ivory reported from Thrissur, Alappuzha and Thiruvananthapuram.

APPENDIX I

WHOLESALE PRICE INDEX OF MANUFACTURED COMMODITIES

(ORGANISED)

Base Year: 1975-76

| NIC Code | Name of Industry | Weight | 1975-76 | 1980-81 | 1985-86 | 1990-91 | 1991-92 | 1992-93 | 1993-94 | 1994-95 | 1995-96 | 1996-97 |
|----------|--|--------|---------|---------|---------|---------|---------|---------|---------|---------|---------|---------|
| 20-21 | Manufacture of food products | 27.96 | 100 | 206 | 310 | 565 | 680 | 774 | 735 | 761 | 853 | 913 |
| 22 | Manufacture of beverages, tobacco and related products | .64 | 100 | 180 | 493 | 541 | 625 | 750 | 948 | 954 | 1080 | 1131 |
| 23 | Manufacture of cotton textiles | 8.41 | 100 | 133 | 186 | 291 | 300 | 373 | 404 | 451 | 604 | 671 |

| 20-21 | Manufacture of food products | 610 | 707 | 774 | 853 | 840 | 920 | 989 | 1037 | 980 | 1047 | 1087 | 1193 | 1304 |
| 22 | Manufacture of beverages, tobacco & related foods | 517 | 617 | 617 | 617 | 617 | 661 | 783 | 833 | 833 | 917 | 948 | 1042 | 1226 |
| 23 | Manufacture of cotton textile | 548 | 623 | 679 | 698 | 717 | 763 | 762 | 762 | 702 | 722 | 736 | 751 | 844 |
| 26 | Manufacture of textile products | 690 | 724 | 827 | 869 | 948 | 963 | 926 | 962 | 988 | 1200 | 1200 | 1162 | 1296 |
| 27 | Manufacture of wood and wood products | 514 | 617 | 696 | 733 | 757 | 809 | 899 | 899 | 903 | 846 | 844 | 918 | 926 |
| 28 | Manufacture of paper and paper products | 552 | 468 | 654 | 610 | 646 | 644 | 755 | 777 | 814 | 835 | 873 | 881 | 777 |
| 31 | Manufacture of chemical and chemical products | 494 | 523 | 570 | 546 | 534 | 662 | 697 | 697 | 707 | 707 | 704 | 748 | 1085 |
| 32 | Manufacture of non-metallic mineral products | 996 | 1307 | 1487 | 1610 | 1684 | 1846 | 1815 | 1903 | 1920 | 1971 | 2390 | 3132 | 3446 |
| 34-35 | Manufacture of metal products and parts except machinery and transport equipments | 478 | 462 | 481 | 474 | 588 | 598 | 475 | 477 | 468 | 480 | 520 | 522 | 540 |
| 38 | Other manufacturing industries | 815 | 906 | 858 | 853 | 863 | 905 | 910 | 1053 | 1135 | 1285 | 1462 | 1937 | 2049 |
| | General Index | 630 | 713 | 774 | 817 | 833 | 895 | 935 | 984 | 975 | 1051 | 1239 | 1104 | 1350 |

APPENDIX III

**MONTH-WISE INDEX OF WHOLESALE PRICE OF MANUFACTURED
COMMODITIES 2007-08
(ORGANISED SECTOR)**

| MONTH | INDEX |
|-----------|-------|
| April | 1141 |
| May | 1091 |
| June | 1131 |
| July | 1145 |
| August | 1180 |
| September | 1172 |
| October | 1174 |
| November | 1176 |
| December | 1156 |
| January | 1153 |
| February | 1156 |
| March | 1152 |

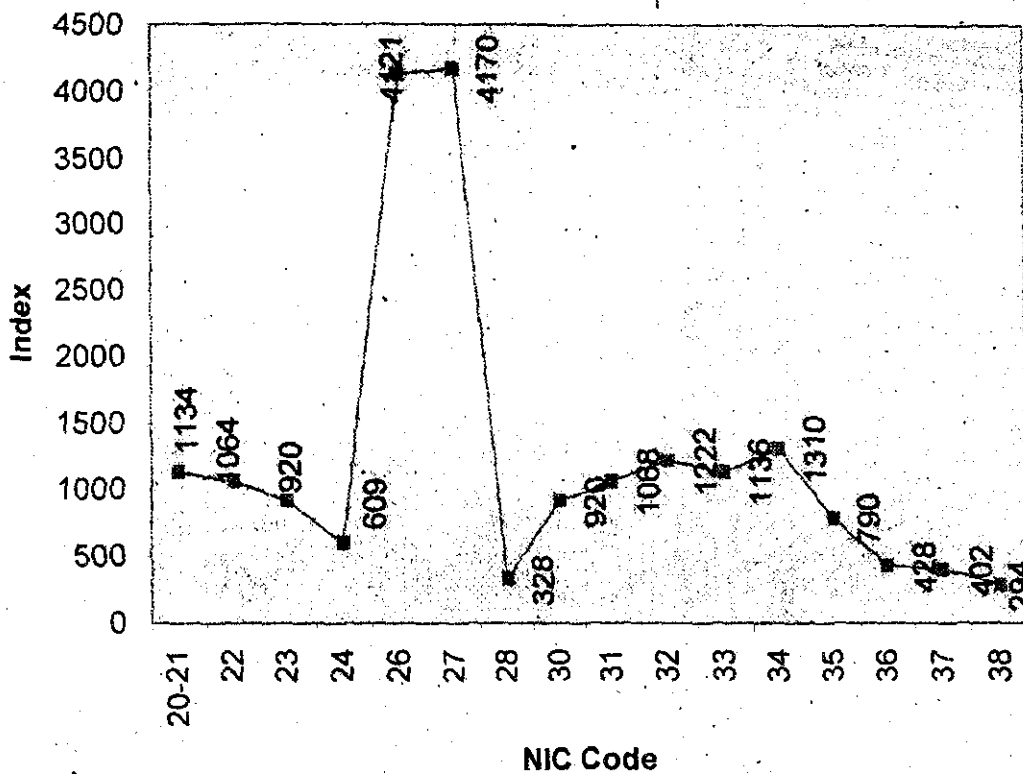

General Index =1152

APPENDIX IV
MONTHWISE INDEX OF WHOLESALE PRICE OF MANUFACTURED
COMMODITIES 2007-08
(UNORGANISED SECTOR)

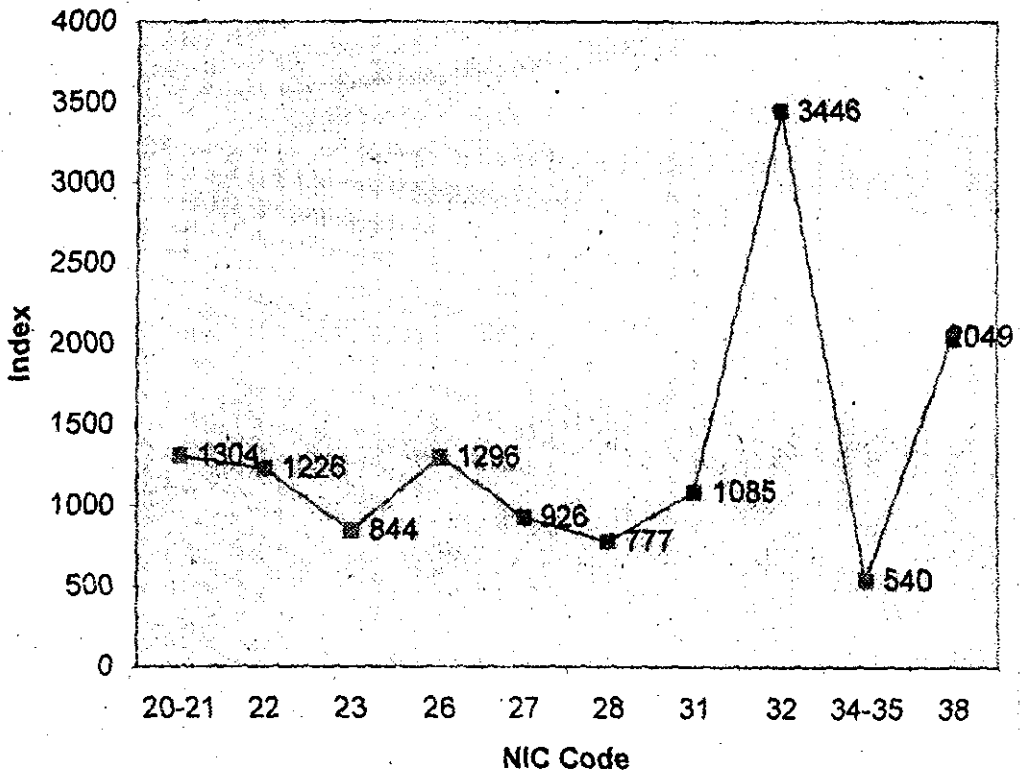

| MONTH | INDEX |
|-----------|-------|
| April | 1282 |
| May | 1315 |
| June | 1306 |
| July | 1322 |
| August | 1305 |
| September | 1318 |
| October | 1341 |
| November | 1358 |
| December | 1373 |
| January | 1417 |
| February | 1423 |
| March | 1438 |

General Index =1350
